### INTERNATIONAL SEARCH REPORT

International application No.

PCT/IL99/00525

Claim Nos.:   because they relate to subject matter not required to be searched by this Authority, namely:    Claim Nos.:   because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:    Claim Nos.: 12-25,28,36-37,43-44,48-49,58,60,64,74-75,79,92,94-96,103-104,109,119-122,127-129,138     because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule     6.4(a).   Box II Observations where unity of invention is lacking (Continuation of Item 2 of first sheet)    This International Searching Authority found multiple inventions in this international application, as follows:    As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.   As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.   As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:	This interna	ervations where certain claims were found unsearchable (Continuation of Item 1 of first sheet)
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:  Claim Nos.: 12-25,28,36-37,43-44,48-49,58,60,64,74-75,79,92,94-96,103-104,109,119-122,127-129,138 because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).  BOX II Observations where unity of invention is lacking (Continuation of Item 2 of first sheet)  This International Searching Authority found multiple inventions in this international application, as follows:  As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.  As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.  As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:  No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.	1.	Claim Nos.:
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).  Box II Observations where unity of invention is lacking (Continuation of Item 2 of first sheet)  Chis International Searching Authority found multiple inventions in this international application, as follows:  As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.  As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.  As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those chaims for which fees were paid, specifically claims Nos.:  No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.	2.	Claim Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to
As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.  As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.  As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:  No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.	<b>L</b>	Claim Nos.: 12-25,28,36-37,43-44,48-49,58,60,64,74-75,79,92,94-96,103-104,109,119-122,127-129,138 because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule
As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.	This Internati	ional Searching Authority found multiple inventions in this international application, as follows:
As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:  No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.		As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite
emark on Protest  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.		As only some of the required additional search fees were timely paid by the applicant, this international search
No protest accompanied the payment of additional search fees.		No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:
No protest accompanied the payment of additional search fees.	emark on Pi	The additional search fees were accompanied by the applicant's protest.

#### INTERNATIONAL SEARCH REPORT

International application No.

PCT/IL99/00525

#### Box III TEXT OF THE ABSTRACT (Continuation of Item 5 of the first sheet)

The technical features mentioned in the abstract do not include a reference sign between parentheses (PCT Rule 8.1(d)).

#### **NEW ABSTRACT**

A smart card (40) comprising:

a memory (46) for storing information;

at least one transmitting or receiving antenna (42); and

a low frequency circuit (44), for handling information associated with said antenna and said memory, which information is modulated at a frequency of between 5 kHz and 100 kHz. Preferably the antenna is an acoustic antenna.

Form PCT/ISA/210 (continuation of first sheet(2)) (July 1998)
